Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for The Brunswick in fiscal year 2022.

The project sponsor for this project is the City of Marshall, Missouri, located at 214 North Lafayette, Marshall, MO 65340.

The funding is designated for demolition and abatement of the former Fitzgibbon Hospital in Marshall, Missouri, so the property can be transformed into 56 safe, affordable housing units for families. This is a valuable use of taxpayer money. Long vacant, the Fitzgibbon Hospital is an asbestos-laced building that has been a hinderance to the community for years. The Brunswick will be focused on families who are at-risk of homelessness and in need of affordable housing. The Brunswick will offer tenant services such as education supplies and resources, nutrition and health, financial education and family stability, job readiness and professional development, community social events, and an annual assessment of need. The community of Marshall has a need for affordable and market rate housing, which is called out in the City of Marshall's comprehensive plan.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
A handwritten signature in blue ink, reading "Emanuel Cleaver, II". The signature is stylized with a large, circular flourish at the end.
